

Report from Parliament

by

William Scott M.P.

About five weeks ago in this Report, I took issue with some of the policies and decisions of the Federal Export Development Corporation (EDC), an agency that, among other things, lends money to foreign purchasers of Canadian exports.

I pointed out that through the years many Canadian exporters have been assisted by EDC in making sales to countries that could not obtain the funds to pay for the Canadian products through conventional sources. Since my remarks were printed, a public servant in the employ of EDC has circulated a letter in Victoria-Haliburton riding, in which he states that my remarks were in error, and that many of them, four to be exact, were 'particularly misleading'. Needless to say I was surprised, and even moreso when upon reading his statement it became evident that he had not in fact rebutted my arguments.

The first of his four points concerns my statement, which he reprinted and which reads as follows, 'EDC was established a few years ago to lend money to countries that wanted to buy Canadian products but were not in a position to pay for them'. The writer answered by saying that 'EDC is not an aid-granting agency', stating further that EDC lends money for the same purpose that I stated. Nowhere in my article, certainly not in the paragraph selected by the writer, did I suggest that EDC grants aid.

His second point concerns another paragraph in my article, which reads as follows, 'EDC has gotten completely off the track...loaned millions of dollars...for the construction of nickel mills in countries (competing with) Canadian nickel producers'.

He answers, 'Canada cannot control the decision of other countries to develop their resources and to buy goods and services in the international marketplace'. Nowhere in my article did I suggest that Canada should attempt anything of the sort.

I pointed out that it was short-sighted of us to lend hundreds of millions of dollars to countries (and firms) to improve the competitive position of companies competing directly with Canadian exporters. I used the example of Canadian-produced nickel, and also steel and forest products. To those I might add the wood-chip as well as the hard wood industry in our riding. In my article, I

pointed out that EDC was financing the construction (or expansion) of steel plants in Perth Amboy, New Jersey, while mills in Nova Scotia and Hamilton (Ont.) were working at less than capacity. The unemployment rate in Nova Scotia is about 10.7 per cent, while the rate in New Jersey is 7.7 per cent.

His third point concerns a statement in my article, 'We now learn that EDC has been lending tens of millions of dollars to companies in industrialized nations such as the United States and Great Britain, and to oil-rich nations of...Saudi Arabia and Venezuela'. He goes on to say that EDC publishes a newsmagazine, an annual report, etc., and he wonders how I could be behind the times.

Apparently, he objects to my use of the word 'now', and that hardly warrants a reply. I stand solidly behind the statement in the paragraph, which the writer failed to rebut. Here again, I wonder why he raised the issue when in fact some of the publications he mentioned were used in part as sources for my original article. One wonders what the motivation was behind his attack.

The fourth point that the writer makes in his letter is hardly 'misleading', and that should be clear to him or to anyone who reads the paragraph. The paragraph as he reprints it reads, 'EDC has exceeded its mandate, and should be abolished'. The paragraph states my position very clearly.

Canadian exporters are presently in a poor competitive position compared to most exporters in the world marketplace, and this should be obvious to anyone, considering that our current deficit stands at about eleven billion dollars.

The EDC policies that I complained about are designed to buy a few short-term jobs, but will in fact jeopardize the long-term prospects of many of our export industries. This in turn will place in jeopardy tens of thousands of jobs in many of our major industries, such as forest products, paper, nickel, steel and others.

An example of what I am concerned about is the EDC loan to Poland to improve the competitive position of its paper industry. With lower wages and other lower production costs, the Polish paper industry will be using Canadian money to improve its competitive position with the Canadian paper industry. EDC must be more selective in lending money to foreign firms, especially where

the direct result is a lessening of the competitive position of Canadian exporters. If this cannot be accomplished, then certainly it should be abolished! It is my belief that Canadian governmental agencies should be primarily concerned with protecting Canadian jobs and Canadian workers. We must utilize not only our natural resources, but also our manufacturing industry to produce as many finished products as possible in this country. This will create jobs for Canadians and at the same time improve our position in the world market. I would hope that all Canadians share this worthy goal.

Protect yourself from mail order fraud.

This is what Ontario is doing to help you get a fair deal.

Today you can order almost anything by mail—seeds, books, department store merchandise, body-building exercises and even "diplomas".

Most mail order organizations are honest, but a small percentage are not—and give the entire industry a bad name. So before you deal with a mail order business, ask yourself:

- What does the offer really promise?
- Is the advertising actually informative?
- Do I know this company's reputation?
- Do I really need the article?
- Could I purchase the same article at a lower price locally?
- Can I pay c.o.d.? (cash on delivery)
- Is there a money-back guarantee?

Mail order gimmicks to guard against, along with a checklist to help you avoid problems when ordering goods, are spelled out in a new Information Bulletin from your Ontario Ministry of Consumer and Commercial Relations. The bulletin tells you where and how to check a company's reputation and outlines your rights under the Ontario Business Practices Act.

For further assistance, or a free copy of the Information Bulletin "The Mail Order Business: Protecting Your Dollars."—write to:

IGA 4 BIG WEEKS of PRIZES

FIRST WEEK!

149

Proctor-Silex
ELECTRIC PERCOLATOR

One of these Proctor Silex Electric Percolators will be won by a customer in every one of the IGA stores covered by this advertisement. And it could be you, so get your entries in now! Winning entries will be selected in each store at closing time, Saturday, Feb. 4th, 1978.

CONTEST RULES

Fill out a free entry blank every time you visit your favourite IGA store during the next four weeks. Enter as often as you wish. If your entry is selected, you will be required to correctly answer a skill-testing question in order to win. This contest is open to adults only. Employees or their immediate families of IGA stores or their supply depot are ineligible.

SECOND WEEK!

149

Jubilee or Purity
DEEP FRYERS

One of these Jubilee Deep Fryers will be won by a customer in every one of the IGA stores covered by this advertisement. And it could be you, so get your entries in now! Winning entries will be selected in each store at closing time, Saturday, Feb. 11th, 1978.

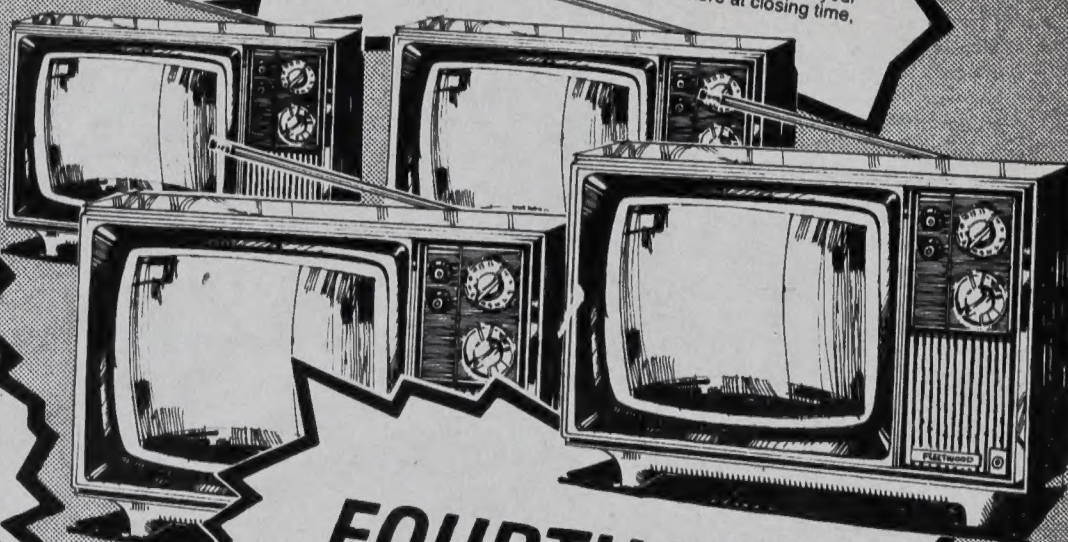

THIRD WEEK!

149

Jubilee
ELECTRIC KETTLES

One of the Jubilee Electric Kettles will be won by a customer in every one of the IGA stores covered by this advertisement. And it could be you, so get your entries in now! Winning entries will be selected in each store at closing time, Saturday, Feb. 18th, 1978.

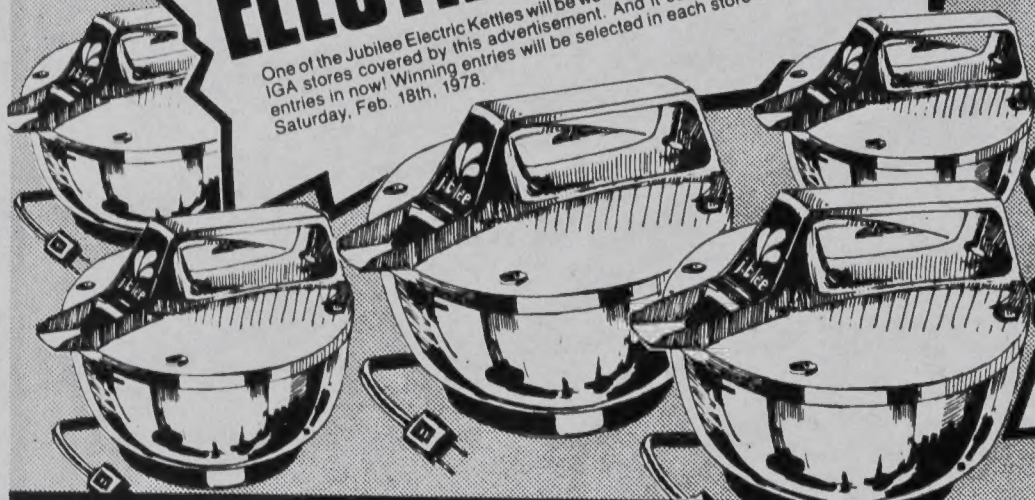

FOURTH WEEK!

149

Fleetwood B&W
12" TELEVISIONS

One of the handy Fleetwood B&W, 12" Televisions will be won by a customer in every one of the IGA stores covered by this advertisement. And it could be you, so get your entries in now! Winning entries will be selected in each store at closing time, Saturday, Feb. 25th, 1978.

Hall's Lake News

Doreen Stinson

Seems when one mentions weather, by the time the paper hits the public just the opposite is taking place, so perhaps it would be better to ignore it. However, when it is bright and cold like it was this week-end, and when so many people were depending upon good weather for the Minden Carnival and snowmobiling and cross-country skiing, we know there were a good many happy people around!

The roast beef dinner at Carnarvon United on Saturday evening was a huge success with the ladies serving approximately 200 people. It was well organized, the young ladies helping to serve, hostesses to help one find a place to sit, a full kitchen of ladies cooking and serving, the new 'ple room' well staffed and the Boy Scouts on hand to check clothing and move chairs. It seemed as though everyone had a job, including some of the men who helped with the selling of tickets and general cashiering. The tables were attractively set up with little white snowmen and candlelight and the food served tasty and generous portions. Nice to see people there from Minden and Haliburton as well as Maple Lake, Carnarvon and Hall's Lake and of course out-of-towners up for the Carnival.

Now that the Carnival week-end is over we can take down the balance of the Christmas decorations and stash them away for another year. Nice to still notice the coloured lights around town and on up on the highway.

Welcome to Mr. and Mrs. Coleman of Dundas who will be moving up this week to make their home in the attractive old log house recently sold to them by the Harvey Dunns, right at Buttermilk Falls. They are retired folks and have two daughters, one a Deaconess in the United Church at Orillia, and the other married into the Shepherd family who have a cottage on Boshkung Lake. They are familiar with this area as they first started coming up for vacations back in 1962. Isn't it nice that they liked it so well they want to make their retirement home up here among us?

The Evening Service, Pot-Luck supper and Vestry Meeting on Sunday was attended by quite a few St. Stephen's parishioners and the Rev. David Barker took the service and chaired the meeting. The outcome of the election of Officers and Wardens was the decision to leave each position as was for the past year. Thanks were extended to the Ladies of the Guild for their generous support in financing the little church and others who send in donations from time to time, also to William Gartshore, Jean Wheeler, the Organists, the Wardens and visiting Layreaders and everyone who has in any way contributed to the life of the church. It is hoped that with our new man making visitations and becoming better acquainted with people that our numbers will increase. Many people who claim to 'belong to St. Stephen's' know nothing of the struggle to keep it open with rising costs of insurance, hydro, fuel, maintenance etc. Those who do belong and contribute regularly carry the full load for those who like to feel the little church will always be there, in case of an emergency, a marriage, baptism or death. There is much more to having a lovely little church in our area than just knowing it is there for that emergency. Next Sunday the Service is at 3 p.m. and it would be nice to see you there!

Miss M. Johnson and the Gartshores have the Alfords of London with them this week-end to celebrate a belated Christmas, marred previously by illness. Although the weather conditions were rather risky coming from London, we are glad they finally made it to enjoy that big turkey dinner!

We were pleased that Mrs. Edith Russell was able to join us for the meeting yesterday and hope she is now on the mend.

Mr. Don Montgomery and his fiancée joined the Montgomerys at their cottage this weekend. Stephen Clark and a friend were up and the Attridges and Jamlesons also. All enjoyed a ride on the trails back country and I heard Bill say 'I hope Winter never ends!'

Mrs. Laura Mole has returned to Minden, having been with the Gartshores since Christmas and on the 'shut-in list'. Garth was up this week-end with friends.

Club 35 members voted on several items last Wednesday evening at their regular meeting: A Valentine Card Party and special lunch on Monday the 13th of February, a St. Patrick's Pot-Luck Supper and evening of Games on March 18th and a Spring Dance on April 22nd, are all on the list of events to look forward to.

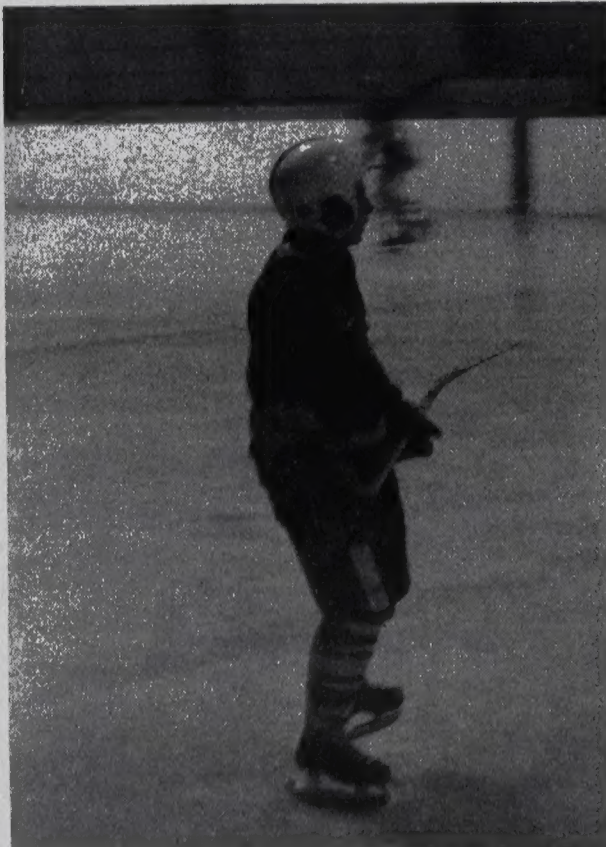

The Stanhope Firefighters Hall will be the scene of a Valentine Dance on Saturday, February 11th, sponsored by the

Female player out-foxes opposition

Lyn Winans the only female member on the Minden Kinsmen hockey team peeks in the dressing room door to make sure the coast is clear.

Miss Winans began playing on an all-male team in university and joined the Kinsmen team this season.

Here, Lyn skates around the rink before the game begins. and hockey abilities it is no wonder the CKVR No Stars thought she was a man. Once in hockey garb and because of her expert skating

The CKVR No Stars came out to win against the Kinsmen Hockey team last Saturday night but their real surprise came afterwards when they learned that one of the reasons for their defeat was the Kinsmen's female left-winger Lyn Winans. The 110-lb. Miss Winans, who started with the team this season, assisted on two goals in the 9-8 game.

'I learned to play hockey with boys as a child' says Miss Winans who stands 4 feet 11 1/2 inches, adding that she also played on an all-male hockey team (excepting herself) in university. The hoax-type game was played for the benefit of the players and spectators at the Kinsmen's Winter Carnival. It is the only game the Kinsmen have won this season.

Hearing Aid Frustration?

Many hearing aids only make sounds louder. This means an aid set to hear normal speech can cause discomfort and even pain when somebody slams a door.

Unitron compression aids eliminate this problem. They allow you to set your volume needs for maximum understanding. But they automatically screen out sudden loud sounds that cause discomfort.

See if your understanding can be improved with a demonstration today.

Recreation Committee with all proceeds going toward furthering the programme. Tickets are now on sale from the Committee headed by Dorothy Kinsman and we have a few here if you are interested.

Congratulations to Mr. Stephen Fletcher of Hamilton who has just recently been elected Chairman of the Board of Governors of Mohawk College. Stephen holds several positions of importance as well as his job as Manager of the Hamilton Branch of Canada Life Insurance Com-

pany. He and his brother who is a Toronto Doctor, own a fine cottage here at the Lake and are in the process of building another, their parents having owned the property previously.

Mrs. Luther Wilson has been away visiting relatives for a few days and Mrs. George Hunt spent a few days away also. Several couples have already departed since the New Year to spend some time in the warmer climate and some are leaving for Texas in the near future.

family...living

1977 in Review

by Jeanne Sears

Robert Vick of Snowdon Township was elected Warden for the year 1977. Snowmobile accidents again mar the winter season for Haliburton with several boys being injured. In spite of the terribly cold and stormy weather, the Kinsmen Winter Carnival was considered a success.

Some of the events had to be scheduled for a later date, however. The Carnival Queen was Joanne Bull. A new restaurant, The Austrian Village has been opened near Minden with glowing reports of good food. There was a break in the water mains in February and some of the people were without

water for up to 36 hours. Robbie Young has launched his own business; a telephone answering service and an alarm system service. I'm sure we all wish him the greatest success in this venture. Heard the first crows on the 6th of March, a very welcome sound. Play-off are on for Hockey, Curling and Bowling. Mr. and Mrs. Hugh Kernohan recently moved into Hyland Crest, Martha is a former Institute member. The Snowarama (Whipper Billy Watson Trek) was not as well attended as usual, due no doubt to the very poor weather conditions, and much slush on the lakes.

Work began on Minden Sewage System on the 21st of March. I fear we will have some muddy dusty streets for the summer. Wonder how long it will be before they are all hooked up. It was a poor year for Maple Syrup, in spite of the deep snow which usually means a lot of sap. The Skate-a-thon and the Minden Figure Skating Carnival were both very successful. The old washrooms are being replaced by new ones in the new firehall. The beautiful spring weather has turned the grass green. Seldom do we have tulips in April, but this year we did. Our Institute lost two members this spring, Audrey Walker and Mae MacArthur.

Both are greatly missed in the work of the branch, as well as the town. The Scouts, Cubs and Beavers etc., have planted 4,000 pine trees this spring. A very worthy contribution to future generations.

The three political parties in Ontario are busy electioneering for the June 9th election, so we've all had a call from the enumerators. Sunday May 8th, Horseshoe Rapids was the site of the Kayak Canoe Races. It was a horribly cold snowy day and I'm sure there were many half-frozen contestants. Everyone who went on the bus trip to Kingston this spring reported a wonderful day.

The Victoria Day weekend was lovely weather-wise, but there was a girl drowned up at Rotary Park. Our first big rain for the season was on May 31st, and was most welcome but was followed by frost on June 2nd with disastrous results to the gardens. Another provincial election, over with the same minority government, Mr. Eakins was re-elected in our riding. Torn up streets, broken telephone lines and water mains are a way of

life with the most of us these days. Never realized that the installation of sewers could cause so much inconvenience but that's progress.

In June meetings of the Institute celebrated the 70th anniversary of Minden W.I. with a luncheon and ladies from many branches coming to participate. New businesses in the community are The Storeroom, the New fruit-vegetable stand, Photo Shop, M & J's (which has since closed), the Used Car Lot, and Austins Esso was sold to Doug Lennie. Twenty-three Scouts travelled to P.E.I. for the Jamboree and report a good time.

Shawn Hagerman, caught a 22 lb. muskie! Good Fishing! A large crowd attended the over-seventy dinner at Hyland Crest, 280 people. Something new in Minden's history when Dr. J. Lodenquai was installed in his own practice by popular demand and petition.

The Rotary Carnival was a success as usual and so was the County Fair which was well patronized and had many exhibits. Congratulations to Beulah Cowan, Haliburton who won \$100,000 in Winontario Draw.

The Fall Bus trip of W.I. was to the Science Centre and shopping at Scarborough Town Centre.

More new businesses, the Pop Shop, K & W Subs, also Medley's Pizza, Miss Sigrid Lane retires as head nurse at our local hospital and has been replaced by Jean Anderson. A first for Anson, Hindon, Minden Council is a lady clerk Elinor Burke with Bev Miller as deputy.

Very poor hunting locally, terribly wet weather, more hunters than deer.

The Christmas Bazaars and Teas were all well patronized and successful financially.

The K & W Restaurant has changed hands, the new owners being John and Molleen Lawson.

Winter has come with many snowstorms, but lovely weather for Christmas.

Minden has lost many well-known citizens in the past year including John Hewitt, Audrey Walker, Tom Newell, Emily Loucks, Mae MacArthur, Ernest Hewitt, Floyd Hall, Basil Hewitt, Mim Irwin and Leslie Reynolds. We hope the grim reaper forgets about us in 1978. We've missed some of the big storms that have been all around us since the New Year and we've enjoyed the sunshine, and calm weather. Happy New Year, everyone.

About the Town

with Jeanne Sears

If you wondered why the Ambulance Service has the Haliburton Exchange of 457-1721 don't worry about this. It is just the central location. All Ambulances are radio-dispatched so that the one nearest you will be sent out and reach you very quickly and make a note of that number close to your telephone. Much better than bundling someone into a car to take to hospital.

Seems like the Kinsmen had a very successful weekend. Snow Queen was Kelly Beene, with princesses Darlene Danilko and Marie Madill and Snow Junior Queen was Teresa Trepanier and Erin McGuire and Laurie McKnight were her attendants. The Parade was very small, with winners for Commercial, Stedmans and non-commercial Archie Stouffer Public School, Hyland Crest and Beaver Group.

Belated birthday wishes to Victor Shaver at Hyland Crest Home and also to Mrs. Swann Ackerblade who celebrated her 89th birthday on Saturday.

There was a draw made by the Library Museum Planning Group at the Crowe's Nest, Saturday night with lucky winner being Neil Burke of Fryton. The committee appreciate having the opportunity to have their food booth from the Kinsmen Club and also are grateful to Marian Anderson of Minto Marine who kindly donated the Fry Pan.

Sincere sympathy goes to the families and friends of the late Mrs. Harry MacMinn and Mrs. John Crowe whose funerals were since last week.

The Kinettes plan to have their Annual Valentine Dance at the Centre on Feb. 11th at 8:30 with a D.J. and proceeds for community work.

At the weekly Mini Card Party at the Parish Hall last Thursday afternoon winners were for cribbage Joyce Hewitt and Agnes Taylor and for euchre one hands Vera Fuller and Pearl Cowan and Norah Briggs.

The Minden Library Committee had their first meeting of the year at the library Jan. 23rd and planned their budget for the year. The next meeting will be called after this budget has been approved by Council.

All their friends send good wishes to Walter Harrison, Lola Prentice, Neil Anderson at the local hospital and to Irene Moxam at Civic Hospital Peterborough. We are pleased to report that Bob Hughes and Joe Warburton are home again and best wishes to Mrs. Earl Kent and Wayne Colman at their homes.

The preliminary Prize lists are in the stores now; the Annual meeting of Agricultural Society for our County will be Wed., Feb. 8th at Council Chambers at 7:30 so let's all make note of the date and have a good crowd out to this meeting.

Mrs. Clara Francis has been visiting Mr. and Mrs. Harold Coulter and family but went back to Redbricht with Mr. and Mrs. Ron Calder and family.

Neil Hewitt of Carleton Place was a weekend guest with Mrs. Ern Hewitt and Colin.

Mr. and Mrs. Phil Robinson and Mrs. Bill King spent last Tuesday in Lindsay.

Congratulations to the winners of the Girl Guides draws during their Bake Sale Saturday at Stedmans; cushion went to Mrs. Bonnie Ackerblade and Pillowcases to Mrs. Rowen McKelvey.

Shirley Hewitt is visiting this week with her daughter Gail and husband Bob Dulman at Scarborough.

Hint of the week---If your youngster has a large collection of stuffed animals and no shelf space, put up some cuphooks on the wall and sew rings on the animals; they look great as decorations this way.

Helen Johnson is away visiting her daughter Mrs. Gray at London at the moment.

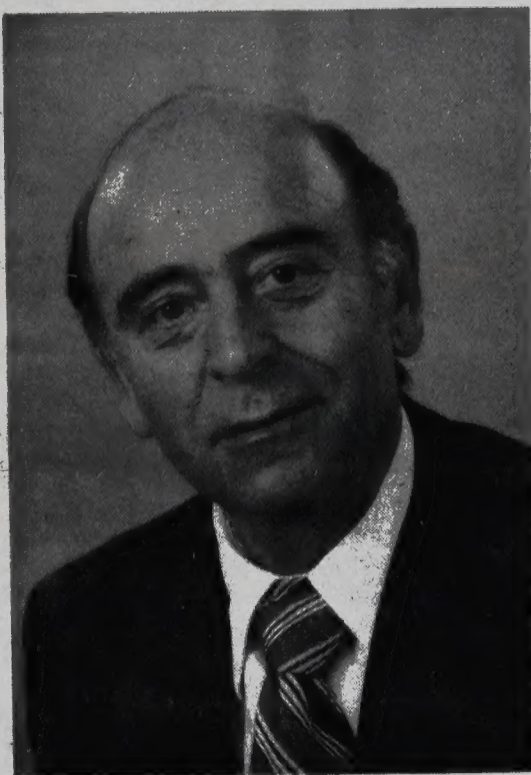

Shrove Tuesday, Feb. 7, coming up with a Supper at St. Paul's Parish Hall, with pancakes for dessert, time for this is 5-7.

We were fortunate once again, missing most of the big storm last Thursday but still a grand weekend for a Carnival. Still ice under the snow so take care.

Cheerio until next time.

NEW HALIBURTON CURLING RINK OFFICIALLY OPEN

Haliburton's new Curling Rink was built in record-breaking time said curling club president Dave Chatfield. He was addressing the official opening of the new rink last week as Haliburton curlers and officials stood proudly by.

The construction which began in September, 1977, was completed at 12 noon on Jan. 20 just in time for the annual Skyline Bonspiel to begin at 4 p.m.

The rink is located on the same site as the old curling club which was torn down in July.

A few of the club's long-time curlers spoke briefly at the opening ceremonies on January 25 and among other things pointed out that the old rink had been built with first \$2,600, plus free labor and logs that had been cut and dragged out of the bush by the curlers themselves.

The new building costing \$330,000 came in 10 per cent over budget and was financed by Wintario, the curling club and the newly

formed squash club, said Mr. Chatfield.

The squash club got into the picture when it was decided to build two courts in the building.

Mr. Chatfield told the audience that \$25,000 had been paid by the curling club and \$20,000 of an equipment allowance was still to be gathered. He said this would probably cover the curling club's share of the bill.

The squash club is expected to raise approximately \$10,000 for their share. Although tentative approval has been received for the Wintario grant the amount has not yet been disclosed, said Tom Stinson, a member of the curling club executive.

Mr. Stinson added that the former rink was 30 years old and was in danger of being condemned so the curling club decided in the spring of 1977 to build the new rink consisting of four ice surfaces.

The curling club owned the old building but it was located on township land and there-

fore the curling club gave the new building to the township, but is renting it back by paying off one-third of the build-

ing cost.

The rink is open to the public and curling lessons can be arranged for beginners

said Mr. Stinson. Above, veteran Haliburton curler and club member,

Jack Robertson, throws the first rock to officially open the new rink.

Minor hockey season cut short due to schedule mix-up

The Ontario Minor Hockey association's (OMHA) regular season has been cut short and playoffs will begin this week, due to a miscalculation in the schedule.

Ross Warburton, president of Minden Minor Hockey, said the regular season had been extended in the fall because some teams had had to wait after their games were finished before playoffs began in previous years.

He said the mix-up was a direct result of many arenas being torn down and replaced with a resulting drop in the calibre of hockey in these areas as parents were hesitant to travel long distances to other arenas.

With fewer players, the calibre dropped and subsequently the teams asked the OMHA to put them in a lower class, explained Mr. Warburton.

He added that the playoff contestants were picked on the basis of their standings on Jan. 30.

Minden's Bantams, Midgets and Juveniles made the play-

offs with the Pee-wees being very close in their division, continued Mr. Warburton.

He said although the playoff schedule hasn't been arranged yet, the Juveniles will play their first game against Cannington this Friday at 8:30 p.m. at the Minden Community Centre Arena.

The number of playoff games will be determined at the outset of this first game, added Mr. Warburton. The decision to end the regular season was made last Sunday at an OMHA meeting in Ops Township.

Mr. Warburton said game schedule will be available around the town later in the week.

Kashagawigamog Snowmobile Rally set for February 25

A snowmobile rally will be sponsored by the Lake Kashagawigamog Tourist Association on Saturday, Feb. 25, the Association has revealed in a special announcement.

The rally will commence at 9:30 a.m. at Haliburton Marine with the trail covering both lakes and land.

Bruce Henry, one of the organizers of the event, said the entry fee will be \$5 per machine and all entrants

must comply with Ontario Snowmobile regulations. Trophies and prizes will be given based on the entrants time, navigation abilities and ingenuity in completing the rally.

Mr. Henry emphasized that it was not a race and that the outcome of the rally could be unusually interesting.

This is the third year for the rally which was last held in 1972 and 1973.

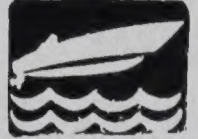

HALIBURTON COUNTY SNOWMOBILE ASSOCIATION

1000 Lakes Bowling News

by Joan Deyall

The His & Hers mixed couples tournament

On Sunday January 22nd eight couples from Carnarvon and Fenelon Falls travelled to Bancroft to participate in the Zone finals of the His & Hers Mixed Couples Tournament. This tournament was sponsored by your own 1000 Lakes Bowlers Association by special request. Any couple could participate as long as they did not bowl with their husband or wife.

As long as you the bowlers support the Mr. & Mrs. Tournament and the His & Hers Tournament, then 1000 Lakes will be more than pleased to bring them to you.

High scores for the tournament were Ted Foster 334 winning 5 O. B.C. Lottery tickets for his effort, Elaine MacKenzie also won 5 O.B.C. Lottery tickets for her ladies' High single of 314. Others were Lawrence Hiltz 314, and Ted Foster also had a 328. Congratulations.

The four couples winning were in first place - Mona Bentley & Ted Foster with a 1953 total. They won \$20.00 plus the Bancroft Red & White trophy. In second place was Elaine MacKenzie & Laurence Hiltz from Bancroft with 1903 winning \$15.00, third was Ed Muselow & Sandra Tripp of Bancroft with a total of 1841 and \$110-

Bancroft with a total of 1841 and \$10.00 and in fourth place was Linda Kellar & Jack Williams also of Bancroft who bowled 1814 and \$5.00. All other bowlers participating each won a Winario Ticket and were: Keith Barrett and Brenda Rowe 1803, Lorna Hicks & Jim Hicks 1801, Beth Hicks & Doug Robinson 1800, Mar. Carr & Harold Hopkins 1754, Deena Riddell & Glen Card 1726, Linda Tomlinson & Bud Corbett 1718, Beth Telford & Ross Wilson 1688, Earl Goodman & Eleanor Dunford 1675, Beryl Johnston & Mike Quaranto 1666, Etienne Dufirion & Cam Filiabough 1635, Audrey Fountain & Was Stata 1625, Mearl Hopkins & Jack Mackie 1622, Phyllis Sutherland & Gord Darby 1597, Barb Allison & Dusty Sutherland 1591, Ev Stata & Bill Barber 1585, Bill Korz & Joe Jocelyn 1533, Gerald Caldwell & Elsie Estord 1528, Jo Anne Robinson & Bob Robinson 1524, Debbie Harding & A B Cox 1482, Don Mackie & Thelma Mackie 1459.

I am sure everyone who participated would like to thank the Bancroft Red & White, Manager Lloyd Churchill for the trophy they supplied for this event and 1000 Lakes for the cash awards.

The Sunbeam Shoes high low doubles

The winners of the Sunbeam High Low Doubles will be travelling to Fenelon Falls for the Zone roll-offs. Remember Sunbeam Shoes supply the lovely prizes available at this Zone roll-off.

The Thomas Adams National Classified

The National Classified Tournament is the last Tournament you will be asked to bowl in this year unless you are a President, Secretary or Treasurer of a league and then you will have your own special Tournament also sponsored by the Thomas Adams Distillers. This tournament takes place later in the year.

If you haven't already signed up for the Thomas Adams National Classified, please see your secretary of the league in which you bowl. If you bowl in more than one league, you may sign up in one or all the leagues in which you participate.

The National Classified is open to all 5-pin league bowlers 19 years and over as of December 1, 1977. Bowlers must enter using their highest league average as of November 30, 1977 with a minimum of 12 league games having been bowled. The entry is \$2.00. Remember you are bowling during your regular night of bowling and you bowl against only those in the house with the same class average as yourself.

After the house rounds of the Thomas Adams National Classified have been bowled, one bowler from each of the five average classifications will

form a team of men and a team of ladies and will bowl as a team at the zone finals. The house round for the National Classified will be bowled in Carnarvon early in February.

Bowls terrific score

It has been brought to my attention that Audrey Fountain bowled a single flat score of 401 the other week. Congratulations Audrey, getting ready for the Carling O'Keefe Open Ontario Championships I see.

Coboconk league holds Valentine dance

Celebrate Valentines by going to the Coboconk Bowling League's Valentine Dance to be held at the Coboconk Lions Hall, February 11th. They have arranged to have Walter Hafell, Lindsay's terrific Disc Jockey to supply the music. The price is only \$6.00 per couple and may be obtained from any member of the Coboconk bowling league.

The festive season is long over and it is time to go on dancing again. Make up a party of your friends and attend this super evening.

Gord Monk named Tri County referee-in-chief

Minden's Gord Monk has been appointed Referee-in-Chief for the Tri County Hockey League.

The announcement came in a personal letter to Mr. Monk from Tri County President Gordon Innes of Sunderland. The Tri County League encompasses communities in the three counties of Haliburton, Victoria and Durham.

'I have the utmost respect for Mr. Innes and look forward to working with him' said Mr. Monk.

Mr. Monk who resigned as referee in chief from Minden Minor Hockey association in mid-January has been involved in minor hockey since 1932.

He has attained the rank of level two OMHA coach and in 1973 he led the Georgetown Midgets to the all-Ontario semi-finals.

Mr. Monk added he 'looked forward to putting minor hockey back into its proper perspective,' by 'eliminating the hot-dog fighting type of hockey that only serves to maim or injure.'

Mr. Monk continued that he would like to see the game played as it should be played

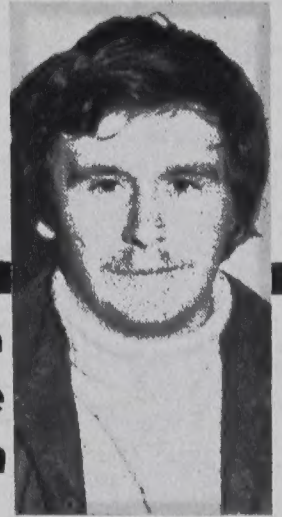

GORD MONK

ed -- as a game of skill and finesse. He said the best recommendation he had for the job was the quality of refereeing in Minden while he was referee in chief.

Oldest Canadian at 110 years visits local M.P.

David Trumble, Canada's oldest living citizen, at 110 years, is shown above with Bill Scott, Member of Parliament for Victoria-Haliburton, on a recent visit by Mr. Trumble to Ottawa. Mr. Trumble was born in 1867 in Haliburton, and he is the only living Canadian who voted for Canada's first Prime Minister, Sir John A. Macdonald. While he was at the Parliament buildings Trumble met with Opposition Leader Joe Clark and Prime Minister Pierre

Trudeau. Trumble watched the proceedings of the House of Commons from the Opposition Leader's gallery, and when he was introduced by the Speaker of the House, Trumble stood with bowed head while the Members gave him a round of desk-thumping applause lasting several minutes. Trumble worked most of his life as a lumberjack and at other forest-related jobs, and only retired when he was in his seventies. He told Mr. Scott that he still cuts his own

firewood, and has good eyesight and good hearing. Despite his advanced years, David Trumble walks without the aid of a cane, although he usually carries one, and he walked up and down the stairs in the House of Commons without help. Trumble has been married four times, outliving all of his wives, and has had 13 children and about 40 grandchildren. His secret of long life is to eat well, sleep well, and don't worry about things.

Minden ponders whether to run its own sewer system or leave it to "big brother"

Reeve Reg Booth would like the municipality of Anson, Hindon and Minden to operate Minden's new sewer system rather than the Ministry of the Environment.

'I think we'll save money, in the long run if we run it ourselves,' the reeve told council and Frank Morton of the Ministry, last week.

Mr. Morton was appearing before council with a three-fold proposal for the operation of the sewer system. He proposed that the system could be operated and maintained by the Ministry, or the Municipality could maintain it, or again, an arrangement could be worked out between Minden and Haliburton for maintenance of the two systems.

If the Municipality opts for a joint operation between the

two municipalities an operator would be needed in both towns and the chief operator would divide his time between the two.

'I'm apprehensive about the joint operation,' the reeve told council, 'as it would be better to run our own show than to be tied to a community 15 miles away.'

If the municipality runs the system without the assistance of the ministry, said Mr. Morton, 'when problems arise I won't say ministry men will come here to repair the system as top priority.'

He added that if a meter, for example, breaks down the municipality will have to pay for a company man to come and repair it which may take some time, but if the ministry ran the operation it could be fixed sooner

and for less money.

Councillor, Len Lonsberry, said: 'We don't know the problems that may arise when the operation starts.' Council could take a trip to Fenelon Falls and find out what problems arose when the system started operation there, suggested councillor Al Coneybeare.

Mr. Morton said if the ministry operates the system it will not take complaints directly from the public but rather complaints would have to go through the municipality. Reeve Booth told the Progress, 'if we can't run it ourselves we're not as big as I think we are.'

Council decided to think about the proposals for a few days since it is an important decision.

Tree cuts hydro power at height of storm

A tree that fell during last week's storm, termed by experts the worst in the province in a decade, caused a power failure in the Highlands early last Thursday morning.

Doug Campbell of Ontario Hydro said the tree fell on major lines between Haliburton and Tory Hill and the power went off at 4:26 a.m. Mr. Campbell said since it was a major line it could be sectionalized giving some areas power sooner than if power was restored to the entire

area at the same time.

Minden and the Kilmount area had power within a half an hour of the failure.

Then, continued Mr. Campbell, work began on restoring Haliburton's power which was on again in approximately one hour-and-a-half.

After the tree was found power was switched from an eastern line to supplement Tory Hill's power. This procedure took about four hours said Mr. Campbell.

He added that there were many

minor problems in rural areas and linemen worked during the daytime on Thursday and well into the night to restore power to those areas.

Mr. Campbell said linemen had to stop working at times when the wind and snow became intolerable.

No damage estimate is available yet as most repairs are temporary and many poles and cross arms will have to be replaced when time allows, he added.

Incubator fund just \$785 from its goal

Only \$785 is needed before a travelling incubator can be purchased for the Anson, Hindon and Minden Ambulance Service. The fund, set up in October 1977, will provide a mobile incubator that will allow the transport of critically ill premature babies to hospitals with facilities for their intensive medical and nursing care. To date a total of \$1,875.20 has been gratefully received but the purchase price of the incubator is \$2,660.25 so the additional money is needed before the goal is reached. Anyone wishing to donate to this worthy cause can mail a donation to the Travelling Incubator Fund, P.O. Box 98, Minden, Ont., K0M 2K0.

Blame icy roads

Icy roads were blamed in a car accident at 7:30 p.m. on January 26. Kathryn Koehler, 29, of R.R. 1 Haliburton, was east-bound on North Kashagawiganog Lake Rd. when her

New community program for O.P.P.

The local O.P.P. detachment is initiating a community relations program. Provincial Constable Gary Chapman told Minden council last week that a liaison officer would be assigned to build-up relations in each community. Council, of course, thought the new program was 'just great'. 'Young people need more respect for the O.P.P. and the only way it will happen is if they get to know you,' councillor Lyle McKnight told the Minden O.P.P. Detachment representative. Constable Chapman also

added that under the new program policemen will be walking beats, a more effective way of enforcing the law than driving around the community in a cruiser. He pointed out that although there was never an official quota system, despite popular belief, officers frequently felt under pressure to show that they were producing. He said the only way to show production was 'tickets and warnings'. Now with this system in operation, officers will no longer feel under such pressure.

Snowmobilers announce winter business seminar plans

The Haliburton County Snowmobile Association will present a special dinner and seminar aimed at improving winter business in Haliburton later this month.

announce winter business

To be held on February 16 at the Canadian Legion in Haliburton, the evening's keynote speaker will be Vern Telford of the Ministry of Industry and Tourism. Other speakers will include: John Moskwa of Ontario Federation of Snowmobile Clubs and Bob Stinson, manager of the Haliburton Highlands Chamber of Commerce.

Investigation by Provincial Constable Gary Chapman.

Caution light rejected...M.T.C.

'It's too bad someone has to be killed before the Ministry of Transportation and Communications (M.T.C.) gives us a caution light,' councillor Len Lonsberry told the regular meeting of Minden council last week. He was commenting on the conditions required by the M.T.C. before they will install a flashing yellow light at Main and Newcas-

tle Streets.

Council applied to the Ministry for approval of the over-head light which was to have been installed at such an angle that it would be visible from both streets. The request was denied. The M.T.C. said its conditions for a caution light stipulates that there must be two accidents a year for three years at the inter-

section in question and involving either personal injuries or damage in excess of \$100. Also, the intersection must be on either a sharp curve or an up or down-hill stretch of road. Reeve Reg Booth suggested having someone from the M.T.C. look at the intersection and if the light is still denied 'we shall go over their heads.'

CARNIVAL PHOTO - STORY

Once again the Progress camera caught the action as it happened throughout the Kinsmen Winter Carnival last weekend, catching glimpses of everything from youngsters promoting their school to men gorging themselves in the pizza eating contest.

Shown here are floats in the Saturday afternoon parade, the women's tug of war contest, the early Saturday morning broomball contest and the crowning of the senior queens Friday evening.

The senior queens from left to right are Queen Kelly Beany, first runner-up Marie Madill and second runner-up Darlene Danilko.

The Stedman's float placed first in the commercial float division while the Archie Stoffer parade entry came first in the non-commercial division.

---	---	--

When it comes to reading medicine labels, it's easy to make excuses. And that's too bad. Because the label information is there to help you.

The medicine label tells you what it's for, how much to take, and how often to take it. It's important information.

Fact is, there's no excuse for ignoring the information on your medicine labels. It's there for your health. Just like the medicine.

READ LABEL DIRECTIONS.

Burning Rectal Itch Relieved In Minutes

Exclusive Healing Substance
Relieves Pain As It
Shrinks Hemorrhoids.

If you want satisfactory relief from 'itching piles'—here's good news. A renowned research laboratory has found a unique healing substance that promptly relieves the burning itch and pain—actually shrinks hemorrhoids. This substance has been shown to produce a most effective rate of healing.

In one case after another 'very striking improvement' was reported and verified. And most important... this improvement was maintained over a period of months.

All this was accomplished by a healing substance (Bio-Dyne)—which quickly helps heal injured cells and stimulate growth of new tissue. Now Bio-Dyne is offered in ointment and suppository form called Preparation H. Ask for it at all drug stores—satisfaction or money refunded.

FLEA MARKETS! BILLION DOLLAR BUSINESS \$\$\$\$

FLEA MARKET QUARTERLY is the publication to introduce you to the "public market concept!"

A contemporary ALMANAC bulging with original, factual stories, news items and anecdotes pertaining to the billion dollar flea market and garage sale industry. Loaded with Money-making, Money-saving, alternate lifestyles, collecting trends, environment and ecology, practical recycling and conservation, health notes, consumer reports, plus THE OFFICIAL UNITED STATES (and Canada) FLEA MARKET DIRECTORY.

Learn where and when the markets are, who to contact for reservations, admission and selling space fees, manager's phone numbers and addresses, facilities, attendance and much more.

Each copy converts into a full-sized, hang-up Planning Calendar and contains a collection of intriguing Bumper Stickers worth at least \$2.
